CASCADIAN® ICS (INTEGRATED CARTRIDGE SOLUTIONS)

Modern Simple, Effective, Salt-less treatment for the whole home or business - featuring PolyHalt® Technology. ICS systems are small sized, operate without power, do not use salt, don’t make the water feel slippery and do not produce waste water. Don’t want or can’t use a salt softener? Our proven ICS systems with PolyHalt® have been a favorite option.

ICS available for the following water quality problems:

- ✓ Mineral / Hardness Deposits
- ✓ Orange, Red, Brown, Black and Blue Stains
- ✓ Etching and Pitting
- ✓ Bad Taste and Odor Including Chlorine
- ✓ Silica
- ✓ Low pH problems
- ✓ Sediment, Solids and Turbidity
- ✓ Appliance and Pipe Corrosion
- ✓ Arsenic
- ✓ Bacteria
- ✓ Iron Bacteria
- ✓ Hydrogen Sulfide (rotten egg)

Everything Needed to Build and Service Water Treatment Systems

- ✓ Bag Filters
- ✓ Brine & Chemical Solution Tanks
- ✓ Cartridges Filters and Housings - PENTEK
- ✓ Contact and De-Gas Systems
- ✓ Fleck System Control valves
- ✓ Media, Filter and Softener
- ✓ One™ High Flow Cartridge Tanks
- ✓ Ozone Systems
- ✓ Reverse Osmosis - POU
- ✓ Scale Control Systems
- ✓ Tanks, Structural Vessels
- ✓ Ultraviolet Disinfection Systems

Don’t know what you need?

When you’ve got water treatment problems and don’t know what you need to fix them give us a call or send us an email. We are here to answer your questions and will help you select and provide the best water treatment possible. Our services include water testing and treatment recommendations. We realize not every water treatment job is “normal” and we will work with you to design the best, even custom, solution for your water treatment needs. Our web sites are a resource for product and application information and our [blog on CascadianWater.com](http://blog.onCascadianWater.com) is a great place to learn about water treatment and industry news and to ask questions or start a discussion.
